

FREE PROGRAM

Become a Safe Fields member.

For farms that take care of their workers' safety and housing.

Hágase miembro de Campo Seguro: para granjas que cuidan la seguridad y la vivienda de sus trabajadores.

Safe Fields • Campo Seguro is a free membership for farms that want to do things right. We visit your worker housing, give a practical safety training matched to your farm, and leave materials with you and your workers.

Why join?

- ✓ Show workers, buyers and your community that safety matters.
- ✓ Attract and keep good workers season after season.
- ✓ Help prevent injuries and heat illness.
- ✓ Receive a **certificate of completion** for your records, plus training materials for you and your workers.
- ✓ Members can use the **Safe Fields badge** on websites, materials and product labels.
- ✓ **It's free.**

How it works

- 1 Nomination:** an outreach worker nominates your farm, or you contact us. You become a candidate right away.
- 2 Housing visit:** we visit your worker housing with you.
- 3 Safety training:** matched to your type of farm, for supervisors and workers, in English and Spanish.
- 4 Membership decision:** after the visit and training, we make the final decision.

Safety topics by farm type: heat illness · grain storage · tractor rollover · machinery and equipment · pesticides · ladders, lifting and more.

Interested? Let's talk.
